One pedal push transforms this
pallet into the most versatile
distribution unit ever

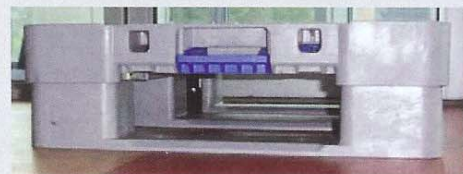

A single pedal push at either end
of the unit lifts the Pallet Dolly and its
contents into wheeled dolly form

Now functions as a fully mobile
and manoeuvrable dolly unit

One further pedal movement and
the load reverts safely to an immobile
pallet

Please turn over for more information

Allstore Solutions are pleased to bring you the Pallet Dolly.

This new product is the most versatile distribution unit ever. Not only does the Pallet Dolly provide a highly efficient method of moving goods through the supply chain, it can also be used as an in-store merchandising unit.

From Distribution Centre to Store with no additional manual handling

Eliminate waste such as stretch wrap or banding with the Pallet Dolly Lid, incorporating retractable straps with integrated tensioning/release mechanism

Optional handles

Fully Stackable for return transit and storage
